

BLACKFRIARS ACADEMY

PUPIL PREMIUM POLICY

Developed:

Revised: February 2016

Review Date: 7 June 2017

What is the Pupil Premium?

The Pupil Premium was introduced in April 2011. The Pupil Premium is additional funding which is allocated to schools and academies on the basis of the number of students who:

- have been eligible for free school meals (FSM) at any point over the last six years (known as 'Ever 6 FSM')
- have been looked after continuously for more than six months
- are children of Services personnel

The funding is expected to tackle reducing the attainment gap between the highest and lowest achieving students nationally, social mobility issues and increasing the opportunities for vulnerable students from more disadvantaged backgrounds.

The DfE has given us the freedom to use the Pupil Premium as we see fit, based upon our knowledge of our students' needs.

'It is for schools to decide how the Pupil Premium, allocated to school is spent, since they are best placed to assess what additional provision should be made for the individual students within their responsibility'. Source DfE website

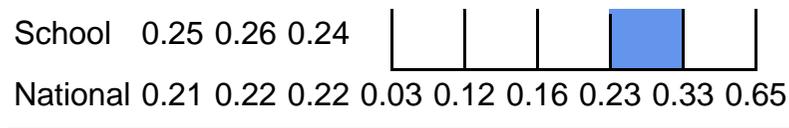

For 2015/16, the decisions that we have made about how to spend the Pupil Premium Grant have been partially based upon the research completed by The Sutton Trust. They concluded that some of the most effective strategies to support disadvantaged students include: effective feedback, meta-cognition and self-regulation, peer tutoring, collaborative learning, behaviour interventions, social and emotional learning and parental involvement. Because of the lack of specificity for a special school setting, we have several interventions that relate to students' disabilities.

Pupil Premium funding is received in the academy for 52 students and Pupil Premium Plus is received in the academy for 5 students. Their needs are very different and therefore the funding is used on an individual basis for very specific interventions. See the second table for details of how each individual student for whom Pupil Premium Plus is received benefits from the funding.

Our Academy

Blackfriars Academy (Newcastle) is an 11-16 Generic Special School with around 93 students providing outstanding education for children from several local authorities including Staffordshire, Stoke on Trent, Shropshire and Cheshire. The number of students registered for Free School Meals (FSM) is 39%, placing us in the highest percentile nationally (Raise online 2014) and in terms of school deprivation, the national indicator demonstrates that Blackfriars is an academy situated in an area of high deprivation

School deprivation indicator

In the financial year 2015-16, the school will receive £46,970 for Year 6 (3 students) and Year 7-11 (47 students), who are registered for free school meals or have been in the previous 6 years, £9,500 for those who are in the care of the local authority (5 students) and £900 for those whose parents are serving in the armed forces (3 students).

Deployment

At Blackfriars Academy, we are committed to ensuring all our students make the best possible progress. We track the achievement of every child on a regular basis and do all we can to ensure that every child achieves their potential. The Pupil Premium funding supports high staffing levels ensuring reduced class sizes where vulnerable students are placed. Along with high quality teaching, attainment gaps are narrowed by strong leadership, a personalised and relevant curriculum, a culture of high expectations and targeted intervention. The specific interventions are outlined below:

Pupil Premium table of Interventions

Barriers to learning	Desired Outcomes – Improve FSM attainment	Identify success criteria for each outcome	Pupil premium strategies	Amount of Premium grant	Implement strategies (training implications)	Monitoring and Evaluation of strategies	Impact
Lack of resilience due to poor self-esteem Physical disability – need for scribe etc	Raising of students' self-esteem and ability to access more of the curriculum	Students accessing curriculum Students attaining and exceeding their target grades	TA	£20475	Review of how TAs deployed, meetings to develop shared understanding of TAs' & teachers' roles. Further training for TAs if need identified	Learning walks, lesson observations, Performance Management of TAs, review of student data	
Parental engagement focus upon welfare, shift of focus to	Greater % of parents attending Progress Review Evenings / annual reviews.	Increase average attendance	Engagement with Achievement for All programme, particularly the strategy of	£2000	AFA co-ordinator appointed, staff training at whole school INSET	Monthly meetings with AFA Coach to evaluate progress of target groups	

learning + welfare	Gap narrowed for young people receiving PP funding		'Structured Conversations'				
Mental health issues, emotional and behavioural barriers	Improved stability of students with mental health or behavioural issues	Students able to re-engage with their class and work	Clinical Psychologist	£7500		Regular meetings with staff and parents to review impact	
Low reading and comprehension scores. Low numeracy scores.	Improved ability in literacy and numeracy	Students able to access a wider curriculum more successfully because of improved literacy and numeracy levels	Digital technology used to supplement teaching of literacy & numeracy. Lexia & Conquer Maths provide individualised support for Maths and English skills	£2500	Training for all staff in Lexia & Conquer maths. Specific training for maths and English co-ordinators to analyse programmes' effectiveness	Regular review meetings with SLT to evaluate impact of programmes	

Lack of same ability peer group	Student to be constantly challenged by receiving differentiated work that can be accessed independently	Student attains at higher level On task in all lessons	Laptop with internet connection	£400		Student's progress to be monitored	
Ability to read effectively	Student to be able to engage with written text in order to be able to access exams	Student to attain their expected grades in external accreditation	C Pen	£205	Staff to be trained in effective use of C Pen	Use of C Pen to be evaluated at Mock exams & student's attainment monitored and reviewed constantly	
Ability to maintain level of progress required to reach end of key stage target	Students to catch up to where they are expected to be performing	Students able to re-engage with the expected level of work	Tutor – 1:1 tutoring - short, regular sessions	£7,142		Learning walks, lesson observations, Performance Management of Tutor, review of student data
